<input checked="" type="checkbox"/> sì	<input type="checkbox"/> no
--	-----------------------------

## A photograph of a small waterfall cascading over rocks into a pool of water, surrounded by lush green vegetation. The water is a murky green color, and the rocks are grey and jagged. The surrounding vegetation is dense and green, with some trees and bushes visible in the background. The waterfall is located in the center of the image, and the water flows from the top right towards the bottom left. The pool of water at the bottom is surrounded by rocks and vegetation. The overall scene is a natural, outdoor setting.
